

Liberty

Great value transportable scooter

- Great value for money
- Easy to take the scooter apart for transport and storage
- Lightweight, heaviest part weighing just 14kg
- Outstanding legroom
- Interchangeable battery pack for easy upgrade from 12Ah to 20Ah size

Liberty

As the name suggests the Liberty returns your independence and freedom allowing you to go places that you couldn't go before. The main feature of the Liberty is the ability to take the scooter apart for easy transport and storage. It is also brilliant for someone that cannot lift heavier objects, the heaviest part weighing just 14kg (similar to a bowling ball). This scooter is also great value for money for those looking for a lower cost alternative. With a cost-effective upgrade, the Liberty has an interchangeable battery pack which allows you to move from 12Ah to 20Ah sized batteries, this ensures longer travel time and additional freedom. Furthermore, the battery pack can be removed which allows for charging at different locations. The unique design of the stylish front shroud and the fully adjustable seat allows users of all heights to have a comfortable and spacious seating position.
