

President

8mph luxury with exceptional comfort, ground clearance and range

- > Exceptional ground clearance with large 13" tyres
- > High capacity 75Ah batteries with up to a 35 mile range
- > Heavy duty powerful motor with 28 stone weight capacity
- > Advanced all-round suspension offers superbly comfortable ride
- > Powerful front & rear LED lighting with easy to use delta handlebar & controls

President

Travel in luxury and comfort with the President. With its high capacity 75Ah batteries, you are able to travel long distances in exceptional comfort and speed.

With its high ground clearance, heavy duty motor and big 13" tyres the President allows you to ride over the most challenging terrain with the advanced all-round suspension guaranteeing you an exceptionally comfortable ride.

With the fully adjustable sliding seat and large foot area, the President is also exceptionally roomy giving a very spacious and comfortable seating position with plenty of legroom for all users.

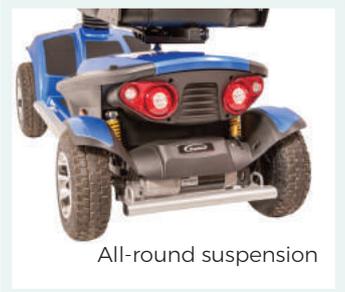

Adjusting the driving control position is fast and easy thanks to the gas-assisted tiller. This also proves very beneficial for when getting onto and off the scooter as you can quickly move the tiller out of the way.

Other user-friendly features include the powerful front and rear LED lights, easy to use tiller controls, tiller mounted stick holders and the tiller mounted battery charging port, all included to make sure your ride is a luxury!
